**You are in the vicinity of an active shooter:**

- Run. Get out of the building, or away from the shooter. Do not stop to render aid to injured persons.
- Hide. If you can't get out, find a safe place to hide – one that provides some degree of protection, and is out of the shooter's view.
- Fight. As a last resort, and if you believe your life is in imminent danger, attack the shooter with all your might.
- Call 9-1-1 when it is safe to do so. Follow officers' instructions when they arrive.
